Training Course: Oil & Gas Accounting & Performance Measurement

Training Course code: EN6057 From: 28 March - 8 April 2027 Venue: Istanbul (Turkey) - DoubleTree by Hilton Istanbul Esentepe Training Course Fees: 11150 ₺ Euro

Introduction

Accounting and performance measurement in the oil and gas industry require specialized approaches due to complex operations, high capital investments, and strict regulatory frameworks. Effective financial management and performance evaluation are essential for ensuring transparency, optimizing costs, and supporting strategic decision-making.

This program, designed by Global Horizon Training Center, provides a comprehensive 10-day training that equips participants with advanced knowledge in oil and gas accounting, financial analysis, and performance measurement across upstream, midstream, and downstream operations.

Course Objectives

By the end of this program, participants will be able to:

- Apply advanced accounting principles specific to the oil and gas industry
- Analyze financial statements and operational performance
- Implement cost control and budgeting strategies
- Evaluate asset and project profitability
- Apply performance measurement frameworks and KPIs
- Conduct financial modeling and investment analysis
- Ensure compliance with IFRS/GAAP standards
- Support strategic and operational decision-making

Target Audience

This program is designed for:

- Finance and Accounting Professionals in Oil & Gas
- Financial Analysts and Auditors
- Cost Control and Budgeting Specialists
