Training Course: Budget control and Budgetary Execution

Training Course code: FI234930 From: 4 - 8 July 2027 Venue: Amman (Jordan) - Training Course Fees: 4200 € Euro

Introduction

Budget Control and Budgetary Execution training is designed to strengthen participants' skills in budgeting, cost awareness, and financial decision-making. It combines analytical techniques, practical exercises, and real-life case studies to improve the management and control of processes and projects in highly competitive environments.

The program highlights the importance of budgeting in supporting organizational strategy, enhancing performance, and ensuring effective cost control and resource utilization. It helps professionals understand how budgeting links strategic objectives with operational plans and improves overall organizational efficiency.

Key outcomes include:

- Understanding the role of budgeting within the management system
- Developing effective cost analysis and budgeting techniques
- Enhancing financial decision-making skills
- Linking strategy with operational execution
- Applying best practices in performance and cost management
- Integrating financial and non-financial performance drivers
