Training Course: Finance for Non-Finance Managers

Training Course code: MA9330 From: 28 February - 4 March 2027 Venue: Sharm El-Sheikh (Egypt) - Sheraton Sharm Hotel Training Course Fees: 4350 € Euro

Introduction

In today's data-driven business environment, managers across all functions must be able to understand and use financial information to support effective decision-making. Financial data provides critical insights into organizational performance, profitability, and future planning.

This program, developed by [Global Horizon Training Center](#), equips participants with essential financial knowledge and practical skills to interpret financial reports, analyze performance, and apply financial tools in managerial decision-making. It bridges the gap between finance and business operations, enabling managers to make informed, value-driven decisions.

Course Objectives

By the end of this program, participants will be able to:

- Understand the importance of finance in business decision-making
- Interpret and analyze key financial statements
- Apply accounting and financial concepts in managerial contexts
- Use financial ratios to evaluate performance and profitability
- Understand and participate in the budgeting process
- Apply cost analysis and financial planning techniques
- Evaluate investment decisions using financial tools
- Identify key financial drivers to improve business performance

Target Audience

This program is designed for:

- Managers and Supervisors from non-financial backgrounds
- Project Managers and Team Leaders
- IT and Service Support Managers
- Sales Executives and Business Development Professionals
