Training Course: Building and Evolving a Project Management Office (PMO)

Training Course code: MA1998 From: 7 - 11 February 2027 Venue: Manama (Bahrain) - Training Course Fees: 4725 € Euro

Introduction:

The "Building and Evolving a Project Management Office PMO" training program is designed by Global Horizon Training Center to equip participants with the necessary skills and knowledge to establish, develop, and enhance a Project Management Office within their organizations. This comprehensive training program will provide participants with a deep understanding of the PMO's value, methodologies for building and maturing a PMO, and strategies for aligning project management with portfolio management.

Objectives:

- Develop a clear vision and charter for a Project Management Office PMO
- Understand the importance and benefits of a PMO in an organization
- Benchmark PMO maturity levels and assess the current state of project and portfolio management
- Construct a roadmap to mature the PMO and bridge the gap between the current and desired states
- Standardize project management processes, methodologies, and templates
- Leverage Project Portfolio Management PPM tools for effective project and portfolio management
- Enhance project management competencies and provide appropriate training and support
- Apply performance measures, including Key Performance Indicators KPIs and Earned Value Management EVM
- Establish proper governance within the PMO and ensure compliance with standards and regulations
- Implement change management and continuous improvement practices
- Conduct lessons learned and incorporate best practices for PMO success

Target Audience:

- Project managers
- Members of project offices

- Project sponsors
- Functional managers
- Senior management involved in project management
- Individuals interested in project management and PMOs

Outlines:

Day 1 - Introduction to PMOs & Value

- Understanding the role and importance of a Project Management Office PMO
- Benefits and challenges of establishing a PMO
- Developing a PMO vision statement and charter

Day 2 - PMO Maturity Assessment & Planning

- Benchmarking PMO maturity levels
- Frameworks for assessing PMO maturity
- Analyzing the current state of project and portfolio management
- Defining the desired future state and gap analysis
- Developing a PMO roadmap and maturity improvement plan

Day 3 - Standardizing Processes & PPM Integration

- Benefits of process standardization within a PMO
- Designing and implementing standardized project management processes
- Developing document templates and ensuring consistency
- Linking project management with portfolio management PPM
- Selecting and implementing suitable PPM tools
- Resource and capacity management integration

Day 4 - Tools, Collaboration & Project Support

- Establishing content repositories and collaboration tools
- Automating project workflows and communication
- Managing project training, mentoring, and coaching
- Supporting project managers through audits and recovery plans

Day 5 - Performance, Governance & Continuous Improvement

- Defining KPIs and applying performance measurement tools including EVM
- Monitoring project costs, benefits, and progress
- Establishing governance models, roles, and responsibilities
- Enhancing decision-making through portfolio management
- Implementing change management and continuous improvement practices
- Capturing lessons learned and applying best practices
