Training Course: Oil & Gas Accounting & Performance Measurement

Training Course code: EN234849 From: 28 March - 1 April 2027 Venue: Sharm El-Sheikh (Egypt) - Sheraton Sharm Hotel
Training Course Fees: 5100 € Euro

Introduction

Accounting and performance measurement in the oil and gas industry require specialized approaches due to complex operations, high capital investments, and regulatory requirements. Accurate financial reporting and effective performance evaluation are essential for transparency, cost control, and strategic decision-making.

This program, designed by Global Horizon Training Center, equips participants with the knowledge and practical skills required to apply oil and gas accounting principles and measure operational and financial performance effectively.

Course Objectives

By the end of this program, participants will be able to:

- Understand accounting frameworks specific to the oil and gas industry
- Differentiate between upstream, midstream, and downstream accounting practices
- Apply cost allocation and revenue recognition principles
- Analyze financial statements and performance indicators
- Measure operational and financial performance using KPIs
- Evaluate project and asset profitability
- Ensure compliance with accounting standards IFRS/GAAP
- Support decision-making through financial analysis

Target Audience

This program is designed for:

- Finance and Accounting Professionals in Oil & Gas
- Cost Control and Budgeting Specialists
- Financial Analysts and Auditors
- Project and Asset Managers
- Business and Planning Professionals
- Professionals involved in financial reporting and performance evaluation
