Training Course: Strategic Decision Making for Leaders

Training Course code: LS235505 From: 4 - 8 July 2027 Venue: Manama (Bahrain) - Training Course Fees: 4725 € Euro

Introduction

In today's highly competitive and rapidly evolving business environment, leaders are required to make strategic decisions that influence both immediate performance and long-term organizational success. This program, designed by [Global Horizon Training Center](#), equips leaders with advanced frameworks, analytical tools, and practical techniques to make informed and effective decisions in complex and uncertain environments.

The program focuses on integrating data-driven analysis with strategic insight, managing risks, and aligning decisions with organizational goals. Through real-world case studies and interactive applications, participants will strengthen their ability to think critically, solve complex problems, and lead with confidence and foresight.

Objectives

By the end of this program, participants will be able to:

- Understand the principles and frameworks of strategic decision-making
- Evaluate and manage risks associated with strategic decisions
- Apply data-driven approaches and forecasting techniques
- Align decision-making processes with organizational strategy
- Enhance critical thinking and problem-solving capabilities

Target Audience

This program is designed for:

- Senior Executives and Directors
- Department Heads and Managers
- Team Leaders and Supervisors
- Project Managers
- Aspiring leaders seeking to enhance decision-making skills
