and Digital Transformation
29 August - 2 September 2027
Cairo (Egypt)

Training Course:

Adapting to Industry Changes in Banking and Insurance: A Global Perspective on Productivity and Digital Transformation

Training Course code: SC235543 From: 29 August - 2 September 2027 Venue: Cairo (Egypt) - Training Course Fees: 4100 € Euro

Introduction:

This training program, designed by [Global Horizon Training Center](#), aims to provide senior management professionals in the banking and insurance sectors with comprehensive insights into the evolving landscape of the industry. The program's primary focus will be on understanding and keeping up with industry changes, specifically drawing comparisons between the European and Indian markets. Additionally, we will touch on strategies for increasing productivity and integrating digital transformation initiatives in banking and insurance services.

By the end of this one-day program, participants will be equipped to anticipate market shifts, make informed decisions, and drive organizational productivity through digital initiatives.

Objectives:

By the end of this program, participants will be able to:

- Understand current trends and emerging challenges in the banking and insurance sectors, focusing on Europe and India.
- Analyze the impact of regulatory and technological changes on the industry.
- Identify strategies to enhance productivity within their organizations.
- Explore the role of digital transformation in improving banking and insurance services.
- Apply global best practices for adapting to industry changes.

Target Audience:

This program is ideal for:

- Senior executives and decision-makers in banking and insurance.
- Department heads involved in strategy, operations, and innovation.
- Managers overseeing productivity improvement and digital transformation projects.
- Professionals responsible for regulatory compliance and market adaptation.
