Training Course: Fire Extinguisher Training Program

Training Course code: HE236637 From: 27 September - 1 October 2026 Venue: Riyadh (KSA) - Training Course Fees: 6200 € Euro

Introduction

The Fire Extinguisher Training Program, designed by Global Horizon Training Center, is a five-day training program developed to provide participants with essential knowledge of fire extinguishers, fire classification, extinguisher selection, safe handling, and appropriate response to workplace fire emergencies.

The program focuses on developing participants' understanding of fire extinguisher types, operating principles, safety precautions, inspection requirements, and emergency response procedures. It is designed primarily as a classroom-based training program, supported by demonstrations, case studies, scenario-based exercises, and controlled practical learning where appropriate and available.

Fire Extinguisher Training Program Objectives

By the end of the program, participants will be able to:

- Understand the fundamentals of fire and fire behavior.
- Identify different classes of fire.
- Recognize common workplace fire hazards.
- Understand the different types of fire extinguishers.
- Select the appropriate extinguisher for different fire classes.
- Understand extinguisher labels, ratings, and operating principles.
- Explain the correct procedure for using a fire extinguisher.
- Recognize the limitations and risks associated with extinguisher use.
- Understand extinguisher inspection and maintenance requirements.
- Identify when evacuation is safer than attempting to extinguish a fire.
- Respond appropriately to an incipient-stage fire.
- Strengthen workplace fire safety awareness and preparedness.

Fire Extinguisher Training Program Methodology

The program uses an interactive and practical learning methodology, including:

- Instructor-led presentations.
- Interactive classroom discussions.
- Fire extinguisher demonstrations.
- Visual demonstrations and instructional materials.
- Case studies.
- Scenario-based learning.
- Fire emergency response exercises.
- Group discussions and problem-solving activities.
- Review of fire extinguisher inspection examples.
- Controlled practical exercises where suitable facilities and equipment are available.
- Question-and-answer sessions.
- Knowledge review activities.

Fire Extinguisher Training Program Organizational Impact

The program will help organizations to:

- Improve workplace fire safety awareness.
- Strengthen employees' understanding of fire extinguisher selection and use.
- Improve preparedness for incipient-stage fire emergencies.
- Reduce inappropriate or unsafe extinguisher use.
- Improve awareness of evacuation and emergency response priorities.
- Support effective fire prevention practices.
- Improve identification of fire extinguisher locations and accessibility.
- Strengthen extinguisher inspection and reporting awareness.
- Improve emergency response confidence among employees.
- Support a stronger organizational fire safety culture.

Fire Extinguisher Training Program Target Audience

This program is suitable for:

- Employees and Staff Members.
- Fire Wardens and Fire Marshals.
- HSE and Safety Personnel.
- Safety Officers.
- Emergency Response Team Members.
- Facilities and Building Management Personnel.
- Security Personnel.
- Supervisors and Team Leaders.
- HR and Administration Personnel.
- Department Heads and Managers.
- Personnel responsible for workplace fire safety.

Fire Extinguisher Training Program Outlines

Day 1: Fire Fundamentals and Fire Classification

- Fundamentals of Fire
- Fire Triangle and Fire Tetrahedron
- Fire Development and Behavior
- Common Causes of Workplace Fires
- Workplace Fire Hazards
- Classes of Fire
- Fire Risk Identification
- Fire Prevention Principles
- Fire Emergency Response Priorities
- Introduction to Portable Fire Extinguishers

Day 2: Types of Fire Extinguishers and Selection

- Introduction to Portable Fire Extinguishers
- Types of Fire Extinguishing Agents
- Water Extinguishers
- Foam Extinguishers
- Dry Powder Extinguishers
- Carbon Dioxide CO₂ Extinguishers
- Wet Chemical Extinguishers
- Fire Extinguisher Labels and Ratings
- Selecting the Correct Extinguisher
- Extinguisher Limitations and Compatibility

Day 3: Fire Extinguisher Operation and Safe Use

- Principles of Fire Extinguisher Operation
- Pre-Use Safety Assessment
- Extinguisher Operating Procedures
- Safe Approach to an Incipient Fire
- Basic Extinguisher Operating Technique
- Maintaining a Safe Escape Route
- Extinguisher Positioning and Handling
- Common Errors During Extinguisher Use
- Situations Where Extinguisher Use Should Be Avoided
- Emergency Evacuation and Escalation Procedures

Day 4: Fire Extinguisher Inspection, Maintenance and Emergency Scenarios

- Fire Extinguisher Inspection Principles
- Visual Inspection Requirements
- Extinguisher Location and Accessibility

- Pressure and Physical Condition Checks
- Identification of Damaged or Defective Extinguishers
- Basic Maintenance and Servicing Awareness
- Fire Extinguisher Placement Considerations
- Workplace Fire Emergency Scenarios
- Extinguisher Selection Scenarios
- Case Studies and Group Exercises

Day 5: Fire Response Planning and Practical Application

- Workplace Fire Response Procedures
- Integrating Fire Extinguishers into Emergency Plans
- Fire Warden and Employee Responsibilities
- Emergency Communication and Reporting
- Fire Extinguisher Selection Exercises
- Scenario-Based Extinguisher Response
- Review of Safe Extinguisher Use
- Fire Prevention and Continuous Safety Awareness
- Controlled Demonstration or Practical Exercise Where Facilities Permit
- Final Knowledge Review and Discussion
